SMARTSORT

Sort Lookup Information YOUR WAY

If you use Microsoft Dynamics® GP, you've already discovered that getting your hands on critical and time sensitive information may not be so easy!

With *EthoTech SmartSort*, you can automatically sort lookup information YOUR way! You'll quickly find all your important information in your system by customizing your own view based on built-in advanced sorting options or SmartList favorites. AND you can use *SmartSort* with **over 40** Microsoft Dynamics GP lookup windows.

SmartSort will literally speed up your inquiries — and your data entry — by *eliminating as many as 3 mouse clicks per lookup*.

Formerly a $1,000 value, *SmartSort* is now yours for FREE! There's no obligation of any kind, not even a requirement that you run any of our other EthoTech products!

At EthoTech, we've been so successful with our enhancements designed specifically for Microsoft Dynamics GP, we've decided it was time to give back to the community. That's why *SmartSort* is FREE of charge to our partners and to our customers.

There are at least 17 ways that *SmartSort* will put your profits back where they belong… on your bottom line. Here are just a few:

1   What if every time you looked up customers in Microsoft Dynamics GP, the resulting data was automatically sorted by Customer Name AND it filtered out inactive customers?

2   How would you like to instantly filter your inventory lookup data to show only those items that are sellable (Finished Goods)?

3   How about filtering your GL account lookup data by Department to show only those accounts relevant to your division?

There are many more ways that *SmartSort* saves you time and money. Download *EthoTech SmartSort* now FREE of charge with no obligation whatsoever, not even a requirement that you run any of our other products!
