SmartSort™ Release Notes

Requirements
Microsoft Dynamics GP 2018 must be installed. Microsoft Dynamics GP SmartList must be installed, and security must be set to allow access to alternate lookup windows (Advanced Lookups) in the SmartList dictionary.

Registration Keys
If updating from Dynamics GP 2016 or earlier, you will need to obtain new registration keys from your Microsoft Partner or EthoTech. This product is fully functional in the Dynamics GP sample company.

Installation Instructions
Please refer to the SmartSort Installation Guide for detailed installation and update instructions.

Build 18.00.020   Release Date February 16, 2022

Supports the following EthoSeries 2018 releases:

Dynamics GP Version	Supported EthoSeries Builds
